

Registering interest

To register your interest in our online courses, get in contact with us the same way you would book face to face workshops.

You can drop in to our offices, give us a call, fill out the enquiry form at the bottom of the page or email **info@woodtraining.co.nz**

Wood Training will be in touch to discuss any pre-requisite checks and financing details.

Once all pre-requisite checks have been completed and the financing has been arranged, you will be sent an email with an enrolment key and instructions for accessing the online course.

You should forward this email directly on to all of your employees who will be doing the training online.
